

HUNTON TRANE: Industrial Line Card

TRANE EQUIPMENT

Air handlers, chillers (10 tons-4,000 tons, available down to 0° F), pressurization units, class 1 division 2, TEMA-R and API shells. www.trane.com

TRANE CONTROLS

Trane Tracer, globally accessible control system, electrical, water, compressed air, gas, process flow metering-monitoring-reporting with customer adjustable dashboards. Industry standard NEMA-4X and NEMA-7 controllers. A web/IP based controls system that is accessible from anywhere in the world. That supports multiple open source communication protocols including BACnet and Modbus for easy integration to other industrial PLC control systems. www.trane.com

ALLEN-BRADLEY

Process logic automation components and integrated control systems from the world leader in PLC automation. www.rockwellautomation.com

BALTIMORE AIR COIL

Factory assembled cooling towers, fluid coolers, and adiabatic-cooled condensing units. www.baltimoreaircoil.com

COMPOSITE COOLING SOLUTIONS

Field erected FRP cooling towers, field erected concrete cooling towers, fiberglass factory assembled cooling towers. www.compositecooling.com

CANARIIS CORPORATION

Pumping packages, booster stations, heat transfer skids, air-cooled and water-cooled chilled water plants, steam and hot water boiler plants, fire pump skids and enclosures. www.canariis.com

INGENIA TECHNOLOGIES

Custom air handlers (316L, 316, 304, aluminum, and galvanized), direct replacement air handlers, onshore and off-shore air handlers, AHUs with custom piping and pumping packages, packed mechanical rooms. www.ingeniatechnologies.com

INNOVENT

Custom energy recovery units, custom air handling units, desiccant dehumidifiers, pool dehumidification units, packaged refrigeration systems (heat pumps, a/c and evaporative condensing). www.innoventair.com

VALENT

Packaged rooftop units, packaged dedicated outside air units, split system dedicated outside air units, dedicated outside air heat recovery units (enthalpy wheels, enthalpy cores, sensible plate air-to-air heat exchangers). www.valentair.com

TECHNICAL SYSTEMS, INC.

Custom DX condensing units, custom air-cooled and evaporative-cooled chillers, 316L SS chillers, and condensing units, 316L coils, Class I Div I & II custom chillers. www.technical-systems.com

THERMAX

Steam and waste heat, hot water, direct-fired absorption chillers, Class I Div I and II absorption chillers. www.thermaxglobal.com

10555 Westpark Dr., Houston, TX 77042
713-266-3900 | www.huntontrane.com

HUNTON TRANE: Industrial Line Card (page 2)

MTA

1/2 ton-60 ton process chillers with pump package and buffer tank, typically maintained in stock. www.mta-usa.com

FULTON

Condensing boilers, custom engineered boiler plants. www.fulton.com

JOHNSTON BOILER COMPANY

Hot water and steam firetube boilers (up to 300psi), 2, 3 & 4 pass wetback design, waste heat recovery boilers, low NOx, deaerators. www.johnstonboiler.com

ALFA LAVAL

Plate and frame and brazed plate heat exchangers. www.alfalaval.us

MARLO INCORPORATED

Water softeners, water filtration systems, reverse osmosis systems (RO Systems), deionized water systems, boiler feed systems. www.marlo-inc.com

WESSELS

Expansion tanks, air separators, buffer tanks, glycol feed systems, pot feeders, blow down tanks, heat exchangers (brazed plate, plate and frame, shell and tube). www.westank.com

BRD HUSH CORE

Noise control and acoustical solutions. www.hushcore.net

HUNTON TRANE MODIFICATION SHOP

Factory OEM modification shop for severe and hazardous duty modifications of chillers, AHU, rooftop units, condensing units and pressurization units.

EPC AND INDUSTRIAL DOCUMENTATION SERVICES

Customized documentation control program designed for EPC's and industrial customer's documentation requirements.

TURNKEY SOLUTIONS

Engineering and installations services for: HVAC, process and heating cooling, central utility plants, combined heat and power solutions, and hydronic pumping systems

INDUSTRIAL MAINTENANCE SERVICES

Maintenance services for: Unitary HVAC comfort cooling, process absorption chillers, process ammonia chillers, process centrifugal, scroll and screw chillers, compound and cascade systems, multi-stage centrifugal systems (nominal and low pressure), multi-stage gas compression, cooling tower repair.
