

TRANE EQUIPMENT & SYSTEMS

- Complete line of light commercial, commercial, TR200 VFD's, industrial HVAC products and systems
- Energy analysis, HVAC training programs, systems application expertise

TRANE BUILDING AUTOMATION

- Complete line of building automation solutions for large and small facilities
- Energy conservation solutions - IAQ, LEED, demand-side management
- Web based/networked systems

HUNTON TRANE MODIFICATION SHOP

- Factory OEM modification shop for severe and hazardous duty modifications of chillers, AHU, rooftop units, condensing units and pressurization units.

EPC AND INDUSTRIAL DOCUMENTATION SERVICES

- Customized documentation control program designed for EPC's and industrial customer's documentation requirements.

TURNKEY SOLUTIONS

- Engineering and installations services for: HVAC, process and heating cooling, central utility plants, combined heat and power solutions, and hydronic pumping systems

INDUSTRIAL MAINTENANCE SERVICES

- Maintenance services for: Unitary HVAC comfort cooling, process absorption chillers, process ammonia chillers, process centrifugal, scroll and screw chillers, compound and cascade systems, multi-stage centrifugal systems (nominal and low pressure), multi-stage gas compression, cooling tower repair.

BUILDING SERVICES

- OEM warranty service and support
- Performance based HVAC systems maintenance programs

BALTIMORE AIRCOIL COMPANY

Factory assembled cooling towers, fluid coolers, adiabatic-cooled condensing units.
www.baltimoreaircoil.com

MITSUBISHI TRANE

Variable refrigerant flow (VRF) systems, ductless split systems. www.metahvac.com

**ALFA LAVAL**

Plate and frame and brazed plate heat exchangers. www.alfalaval.us

**ALLEN-BRADLEY**

Process logic automation components and integrated control systems from the world leader in PLC automation. www.rockwellautomation.com

**ARCTIC CHILLER GROUP**

Air cooled and water cooled centrifugal chillers utilizing Turbocor compressors, modular chillers, process chillers, medical chillers (linear accelerator and MRI), pump and hydronic packages. www.articchillergroup.com

**BRD HUSH CORE**

Noise control and acoustical solutions. www.hushcore.net

**CALMAC**

Electrical demand reduction systems, thermal storage systems. www.calmac.com

**CANARIIS CORPORATION**

Pumping packages, booster stations, heat transfer skids, air-cooled and water-cooled chilled water plants, steam and hot water boiler plants, fire pump skids and enclosures. www.canariis.com

**COMPOSITE COOLING SOLUTIONS**

Field-erected fiberglass (FRP) cooling towers, field erected concrete cooling towers, fiberglass factory assembled cooling towers. www.compositecooling.com

**CENTROTHERM**

Polypropylene boiler venting material. www.centrotherm.us.com

**CLIMATE CRAFT**

Custom air handling units (AHUs) that are used to provide comfortable efficient environments in healthcare, education, laboratory, commercial, and high tech manufacturing facilities. www.climatecraft.com

**CLIMATE BY DESIGN INTERNATIONAL**

Active and passive desiccants air handlers for low dewpoint/humidity environments. Critical process air handlers for industrial, EV, battery manufacturing, semiconductor, and lab environments. www.cdihvac.com

**FULTON**

Condensing boilers, steam boilers, ancillary steam plant accessories, custom engineered hot water and steam plants. www.fulton.com

**GENESIS AIR**

Design and manufacture of Trane Catalytic Air Cleaning System (TCACS), filtration system combining MERV rated filters, integral UV lights and special material to produce chemical reaction which combats organic and inorganic particles, Can be used with both new and existing AHUs. www.genesisair.com

**INGENIA TECHNOLOGIES**

Custom air handlers (316L, 316, 304, aluminum, and galvanized), direct replacement air handlers, onshore and off-shore air handlers, AHUs with custom piping and pumping packages, packed mechanical rooms. www.ingeniatechnologies.com

**INNOVENT**

Custom energy recovery units, custom air handling units, desiccant dehumidifiers, pool dehumidification units, packaged refrigeration systems (heat pumps, a/c, and evaporative condensing). www.innoventair.com

**JOHNSTON BOILER COMPANY**

Hot water and steam firetube boilers (up to 300psi), 2, 3, and 4 pass wetback design, waste heat recovery boilers, low NOx, and deaerators. www.johnstonboiler.com

**MAINSTREAM**

Expertly-engineered EC fans and coils for critical solutions. Our IntelliCUBE fan system is the ideal solution for those responsible for keeping clients comfortable. www.mainstream-corp.com

**MARLO INCORPORATED**

Water softeners, water filtration systems, reverse osmosis systems (RO systems), deionized water systems, and boiler feed systems. www.marlo-inc.com

**MJC, Inc.**

Air rotation units, custom HVAC equipment, modular self-contained replacements, modifications and coating. www.mjcinc.com

**MTA**

Global leader of industrial process cooling and compressed air treatment products. www.mta-usa.com

**POWRMATIC**

Manufactures a complete line of direct-fired and indirect-fired heaters, cooling systems and media and electrostatic air cleaners that can be customized to fit our customer's needs. www.powrmatic.com

**REFTEKK**

Bendable H55 hard copper, digibender, swag expander, brazing rings. Useable for refrigerant piping, plumbing, and medical gases. www.reftekk.com

**TAS ENGINEERED MODULAR SOLUTIONS**

Packaged central chiller plants, combined heat, power plants. www.tas.com

**TECHNICAL SYSTEMS, INC.**

Custom DX condensing units, custom air-cooled and evaporative-cooled chillers, 316L SS chillers, and condensing units, 316L coils, Class I, Div. I and II custom chillers. www.technical-systems.com

**TEMSPEC**

Classroom unit ventilators, high-rise fan coils. www.temspec.com

**THERMAX**

Steam and waste heat, hot water, direct-fired absorption chillers, Class I Div. I and II absorption chillers. www.thermaxglobal.com

**THYBAR**

Custom roof curbs, equipment modifications, replacement air handlers. www.thybar.com

**TRIATEK**

Fume hood controls, room pressure controls, air valves (damper and venturi), high performance fume hoods. www.triatek.com

**VALENT AIR**

Packaged rooftop units, packaged dedicated outside air units, split system dedicated outside air units, dedicated outside air heat recovery units (enthalpy wheels, enthalpy cores, sensible plate air-to-air heat exchangers). www.valentair.com

**WESSELS**

Expansion tanks, air separators, buffer tanks, glycol feed systems, pot feeders, blow down tanks, heat exchangers (brazed plate, plate and frame, shell and tube). www.westank.com
