

KEY MANUFACTURERS

TRANE EQUIPMENT & SYSTEMS

- Complete line of light commercial and commercial units
- Energy analysis, HVAC training programs, systems application expertise
- Computer room cooling, Thermal Storage.
- Water-Cooled Centrifugal Chillers, Water-Cooled Chillers, Air-Cooled Chillers
- Modular Units, Packaged Units, Water-Sourced Heat Pumps
- Air Handling Units, Make-Up Air Gas Heating Units, Unit Heaters
- Thermal Units, Split Systems, Outdoor Air Solutions, VFD

TRANE BUILDING AUTOMATION

- Complete line of building automation solutions for large and small facilities
- Energy conservation solutions: IAQ, LEED, and demand-side management
- Building Automation: Tracer SC+, Pivot Smart Thermostat, Symbio, Air-Fi Zone Sensors
- Building Management Systems: Tracer Ensemble, BAS Operator and Occupant Apps

BALTIMORE AIRCOIL COMPANY

- Closed Circuit Cooling Towers
- Cooling Towers
- Hybrid and Adiabatic Coolers
- Evaporative Condensers
- Ice Thermal Storage

www.baltimoreaircoil.com

MITSUBISHI TRANE

- Electrifying buildings with variable refrigerant flow (VRF) systems, ductless split systems.
- N-Generation CITY MULTI, HVRF, NvSeries, P Series, Indoor Units, and LEV Kits
- VRF Controls

MANUFACTURERS SYSTEM BY TYPE

AIRSIDE

Climate by Design
INTERNATIONAL

CLIMATE BY DESIGN INTERNATIONAL

Active and passive desiccants air handlers for low dew point/humidity environments. Critical process air handlers for industrial, EV, battery manufacturing, semiconductor, and lab environments.

www.cdihvac.com

A NIBE GROUP MEMBER

CLIMATE CRAFT

Semi-custom air handling units that are used to provide comfortable efficient environments in healthcare, education, laboratory, commercial, and high tech manufacturing facilities.

www.climatecraft.com

DECTRON

Designs high-performance dehumidification and air handling systems for superior humidity control, energy efficiency, and indoor air quality.

www.dectron.com

INNOVENT

Custom energy recovery units, custom air handling units, desiccant dehumidifiers, pool dehumidification units, packaged refrigeration systems (heat pumps, A/C, and evaporative condensing).

www.innoventair.com

KCC COMPANIES

Provider of efficient dehumidification and energy recovery equipment.

www.kcccompanies.com

MAINSTREAM

Expertly-engineered EC fans and coils for critical solutions. Our IntelliCUBE fan system is the ideal solution for those responsible for keeping clients comfortable.

www.mainsteam-corp.com

MOJAVE

Novel liquid desiccant systems targeting energy efficiency and reducing the climate impact of HVAC.

www.mojavehvac.com

TEMSPEC

Classroom unit ventilators, high-rise fan coils.

www.temspec.com

VALENT AIR

Packaged rooftop units, packaged dedicated outside air units, split system dedicated outside air units, dedicated outside air heat recovery units (enthalpy wheels, enthalpy cores, sensible plate air-to-air heat exchangers).

www.valentair.com

MANUFACTURERS SYSTEM BY TYPE (continued)

AIR FILTRATION & LAB PRESSURE CONTROL

GENESIS AIR

Design and manufacture of Trane Catalytic Air Cleaning System (TCACS), filtration system combining MERV rated filters, integral UV lights and special material to produce a chemical reaction which combats organic and inorganic particles, can be used with both new and existing AHUs.

www.genesisair.com

TRIA TEK

Fume hood controls, room pressure controls, air valves (damper and venturi), high performance fume hoods.

www.triatek.com

AIR ROTATION UNITS

MJC, Inc.

Air rotation units, custom HVAC equipment, modular self-contained replacements, modifications and coating.

www.mjcinc.com

ARCTIC CHILLER GROUP

Air cooled, water cooled centrifugal chillers utilizing Turbocor compressors, modular & process chillers, medical chillers (linear accelerator & MRI), pump & hydronic packages.

www.articchillergroup.com

CHILLERS

MTA

Global leader of industrial process cooling & compressed air treatment products.

www.mta-usa.com

THERMAX

Steam and waste heat, hot water, direct-fired absorption chillers, Class I Div. I and II absorption chillers.

www.thermaxglobal.com

CONTROLS

TELKONET

A controls platform with open-system technology, enabling it to integrate with the communication protocols your building and already uses: Wi-Fi, Bluetooth, and Zigbee. EcoSource+ acts as the "brain" of the room, serving as the EcoSmart room automation controller.

www.telkonet.com

CURBS

THYBAR

Custom roof curbs, equipment modifications, replacement air handlers.

www.thybar.com

MANUFACTURERS SYSTEM BY TYPE (continued)

HEAT EXCHANGERS

Kelvion

KELVION

Plate and frame and brazed plate heat exchangers.

www.kelvion.com/us/

MODULAR SOLUTIONS

TAS

TAS ENGINEERED MODULAR SOLUTIONS

Packaged central chiller plants, combined heat, power plants.

www.tas.com

CANARIIS CORPORATION

Pumping packages, booster stations, heat transfer skids, air-cooled and water-cooled chilled water plants, steam and hot water boiler plants, fire pump skids and enclosures.

www.canariis.com

NOISE REDUCTION

BRD HUSH CORE

Noise and vibration control and acoustical solutions.

www.hushcore.net

PIPING SYSTEMS

REFTEKK

Bendable H55 hard copper, digibender, swag expander, brazing rings. Usable for refrigerant piping, plumbing, and medical gases.

www.reftekk.com

THERMAL STORAGE

CALMAC

Electrical demand reduction systems, thermal storage systems, Ice Bank energy storage, thermal battery systems, glycol management system, plate heat exchanger, and IceMat ice rinks.

www.calmac.com

VENTILATION

ALDES

Heat and energy recovery, airflow and zone controls, fans, make-up air solutions, indoor air quality, high-performance roof caps.

www.aldes-na.com
